TIMELESS ELEGANCE

Where Timeless Elegance Meet Modern Craft.

COLLECTION
2026

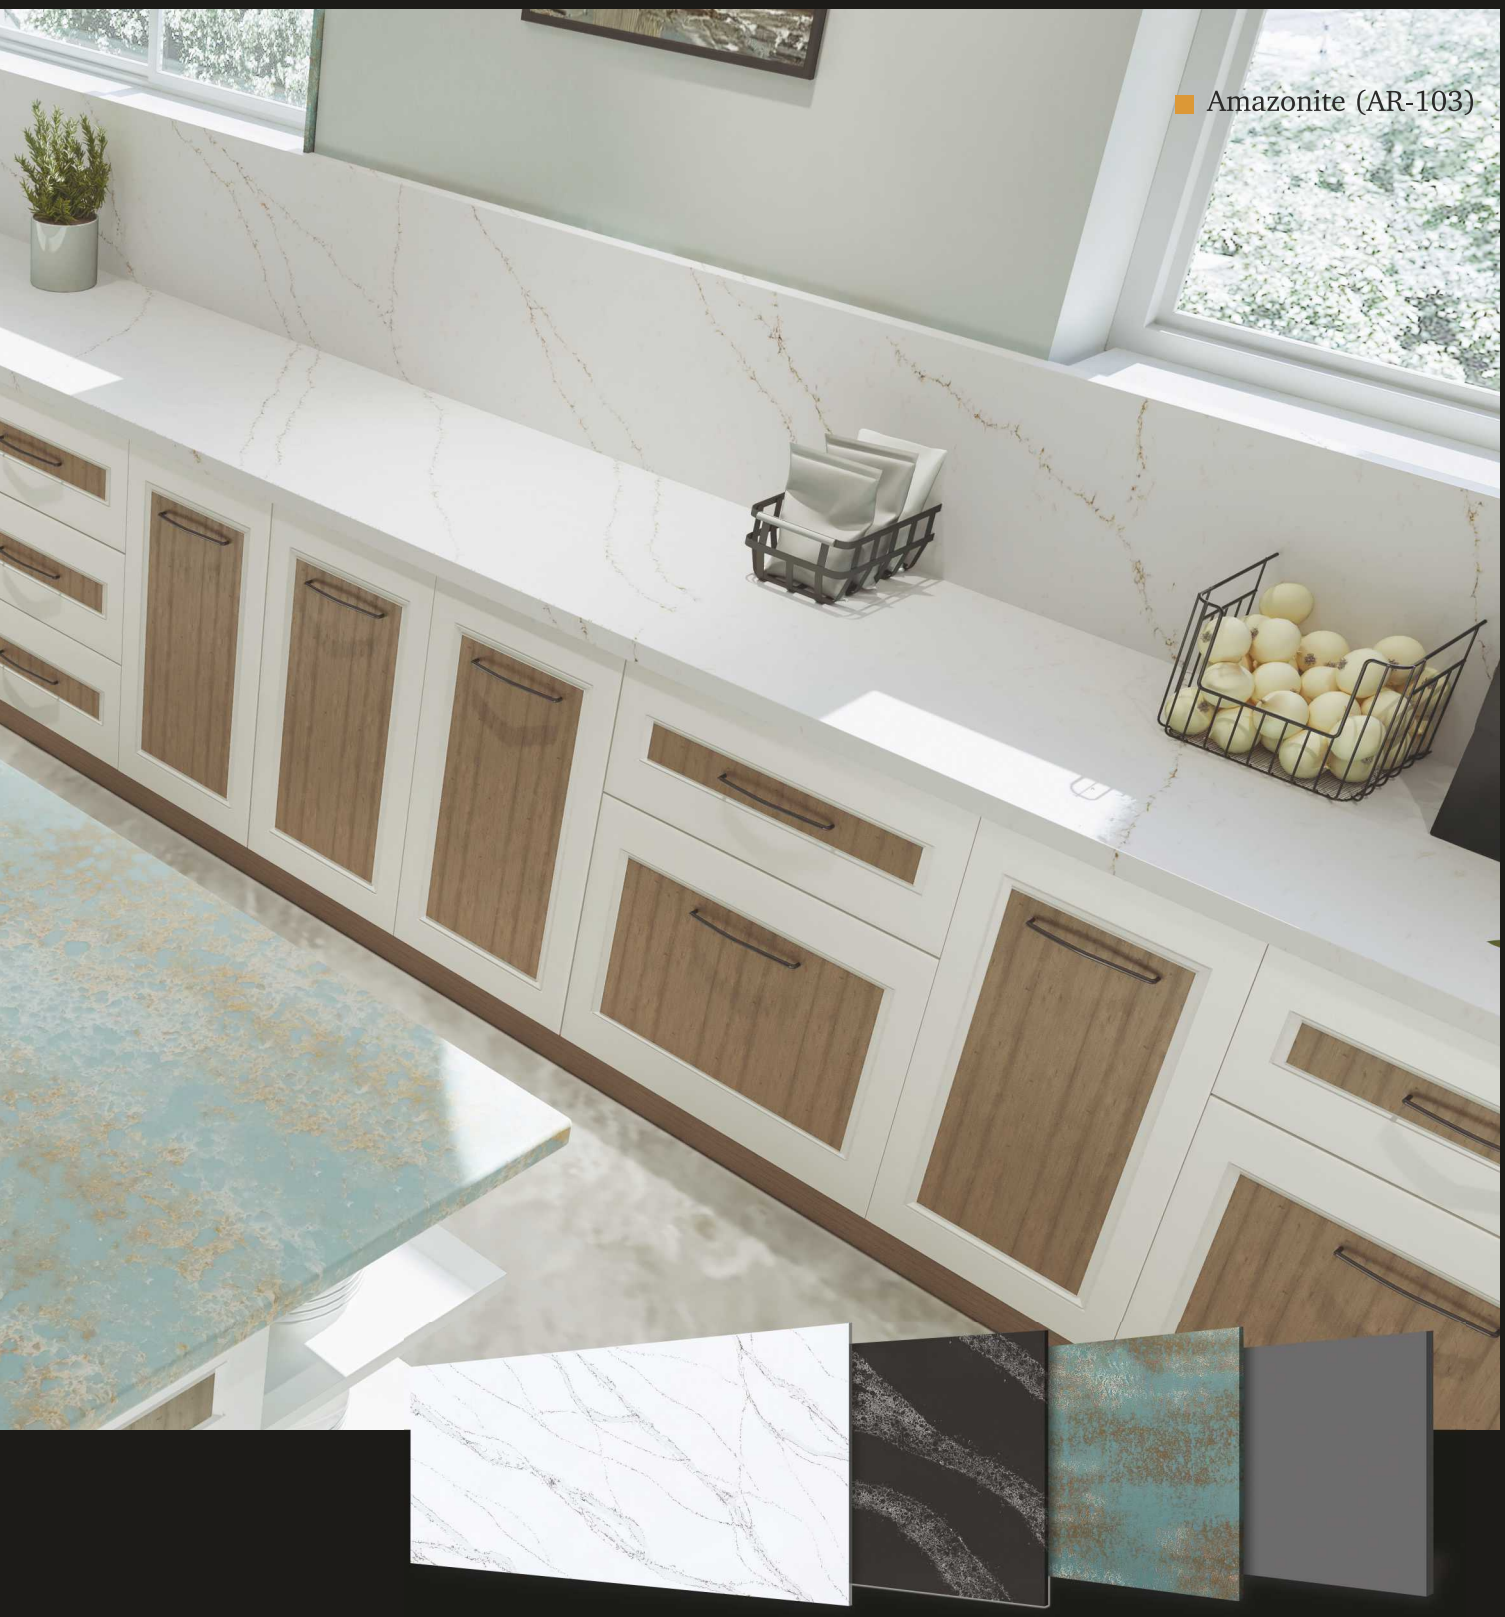

Welcome to a world designed to enliven your imagination.

Imagine a world, where beauty abounds in its most magnificent and versatile forms. A world, where everything exemplifies art in a form so pure, it turns you into a connoisseur. This world now exists – not just in your imagination, but in reality.

Welcome to the world of Specta. Where nature meets technology to bring your imagination to life. It's a delightfully charming manifestation of your imagination.

Specta – Imagination cast in stone

A fascinating collection that complements your imagination.

Specta brings to you an enchanting range of designer quartz surfaces in a wide variety of colours, designs and patterns to complement your imagination.

Every stone has a fascinating story. Pick the ones that complement your kitchen and living spaces, and create your signature style.

Pastel Poise

Spring Collection 2025

Pastel Poise is a collection of six designs inspired by the beauty of Indian spring and its sense of freshness. This series takes you on a journey through light and shade, with fine veining and nuanced tonal shifts that weave nature's serenity into everyday spaces, making your home simple yet exceptional. Colour, a hallmark of Specta's innovative legacy, stands out as the collection's defining trait.

ARL
Manufacturing Expertise

breton
Patented Technology

Spectacular legacy.
Spectacular technology.

Specta is the outcome of more then two decades of ARL Group's expertise in process manufacturing, world-class Breton technology, and some of the leading minds coming together to create refreshing ideas for Engineered Quartz Stone Surfaces.

A legacy built on unwavering values
& lasting relationships

Built on values and fortified by strong relationships, ARL Infratech – headquartered in Jaipur, Rajasthan, India – has emerged as one of the leading building materials conglomerates serving critical infrastructure needs like roofing, water supply, sewerage, sustainable building construction etc. The group has built a lasting legacy of excellence and high quality in process manufacturing. Today, the group has multiple category-leading brands that come out of its leading facilities. For more information, please visit www.arlinfratech.com

World-leading technology meets a world-class manufacturing facility.

For Specta, the ARL Group has set up one of the world's most advanced technology-led manufacturing facilities, spread across a sprawling area of about 400,000 sq. ft. in the Bagru Industrial Area, Jaipur, Rajasthan (India). Leveraging the patented Bretonstone technology, with high-end robotics, programmable design components, best of design resources, control systems and more; the Specta team is working to create SPECTAcular masterpieces, one slab at a time.

Being
Spectacular.

Tech-led Quality Control

Be it quartz, resins or various additives, Specta's state-of-the-art Quality Control Laboratory keeps a diligent control over every input. High-end sieving and sorting equipment are used for controlling and grading the quartz powder and grains. Besides, the processes are seamless and integrated for quality across all stages - mix preparation, treatment, casting, hardening & slab finishing technologies and processes.

Focusing on Quality, Safety & Environment!

Besides, Specta's plant adheres to the highest global quality and safety and standards in Quartz Stone Manufacturing, with a keen eye on the environment.

Technical Data Sheet

Specification	Test Standard	Test Result
Water Absorption	EN-14617-1	<0.03%
Bulk Density	EN-14617-1	2.10 – 2.45 g/cm^3
Flexural Strength	EN-14617-2	40 – 82 N/mm^2
Compressive Strength	ASTM C 170	>200 Mpa
Impact Strength	EN-14617-9	3.50 – 14.20 Joules
Thermal Expansion	EN-14617-11	1.5 x 10^{-5} – 2.8 x 10^{-5}/°C
Abrasion Resistance	EN-14617-4	> 23 mm
Mohs Hardness	EN-101	6.5 – 7.5
Stain Resistance	ASTM C 1378-04	Unaffected
Wear and Cleanability	ASTM Z124 6.5.3	Pass
Cigarette test	ASTM Z124 6.5.4	Pass
Surface Burning	ASTM E-84	Class A
Chemical Resistance	EN-14617-10	Class C4

Spectacular performance for life

Trained by Breton, Specta's technology team develops impeccably engineered surfaces that set new benchmarks in product innovation and design excellence.

Large size

Large sized slabs enabling fewer joints and more possibilities

Durable

Harder, stronger and safer than marbles, granite and other natural stones

Easy to clean

Low on effort, high on beauty. Specta's non-porous surface resists stains and cleans up in seconds

Hygienic

Hosts no bacteria, mold or mildew, stays safe and sanitary

Stain resistant

Impenetrable, non-absorbent surface that is impervious to stains.

Scratch resistant

Impressive scratch-resistance strength, not susceptible to scrapes or scuffs

Heat resistant

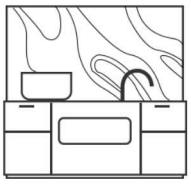

Engineered to handle everyday heat with ease, Specta surfaces stay at their best when protected from direct, intense heat using a trivet.

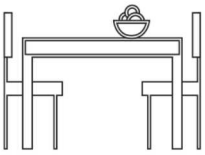

Tough & Flexible

Easy to fabricate & mould, highly resistant to cracks and chipping.

Colouring Dreams

Colours are an important part of our lives, especially for young children. Every colour evokes an emotion, and they add beauty to how we live.

We pledge to donate a small amount from the proceeds of each slab of this collection to CRY, making an effort to support the beautiful cause of child education by the organisation.
